

# Family Learning at Low Port 2024-25

Family Learning is a key driver in the National Improvement Framework. Our programme has been linked to our school improvement priorities for this session. Many of the events below come from parental suggestions and feedback. We will be sharing your child's learning in various ways throughout the session. We have detailed some of the ways below. Please note that events will be held in person unless stated otherwise.

# What's on offer?

<b>Family Learning Activity</b>	<b>Description of the Session</b>
<b>Sharing the Learning</b>	These sessions will run 3x per year and are an opportunity for your child to teach their families about how they learn literacy, numeracy and health and wellbeing at their stage.
<b>Nibbles and Natters</b>	These sessions provide targeted intervention to allow families to increase their knowledge and understanding of strategies which support your child at home. If you cannot attend, presentations will be available through contacting the school office after the session.
<b>Stay and Play</b>	An opportunity for P1 parents to play alongside your child in their classroom learning environment every month.
<b>Community Events</b>	One of the benefits of the collaborative leadership model is we can provide an enhanced provision for family learning workshops where these are not tailored specifically to the curriculum designed for Springfield or Low Port e.g. digital tools to support learning
<b>Liase with Leadership</b>	An opportunity to meet with the senior leadership team online to discuss anything at all related to our school community!
