

Family Calendar Low Port 2026-2027

Family Learning is a key driver in the National Improvement Framework. Our programme has been linked to our school improvement priorities for this session and parent/carer suggestions and feedback over time. We will be sharing your child's learning in various ways throughout the year. Please note that events will be held in person unless stated otherwise. Our online hub of resources and supports remains for you to access at a time that suits you: [Low Port Learning Hub](#) Further information about home learning supports will be available as we develop this across this year.

What's on offer?

Family Learning Activity

Description of the Session

Sharing the Learning

These sessions will run 2x per year and are an opportunity for you to discuss your child's progress with them in school through their Progress Piece.

Health and Wellbeing and Inclusion Hub Drop In

Our Hub is a friendly, informal space where you can drop in to chat about your child's HWB needs, ask questions about school approaches, get practical tips and signposting to supports, share your ideas on how to improve our HWB network. The informal sessions will be shaped by what parents/carers would find useful and could be discussion, support sessions or feedback on what day to day activities, events or approaches that impact your child, letting us know how to best support learners in our school community.

Stay and Play

An opportunity for P1 parents to play alongside your child in their learning environment.

Community Events

One of the benefits of the collaborative leadership model is we can provide an enhanced provision for family learning workshops where these are not tailored specifically to the curriculum designed for Springfield or Low Port. These may be delivered at either school.

Low Port Low Down

A revamped version of parents' evening where you will have a 10-minute appointment to discuss your child's progress with their class teacher.

Term 1 Date	Year	Event	Time	Venue
